Re: FAR Case- 2001-014

May 9, 2001

Dear Ms. Duarte:

I am writing as a citizen and small-business owner who has an interest in the federal government receiving fair value in its contracts for goods and services. I am very pleased to note the important policy initiatives proposed in the Federal Acquisition Regulations April 3, 2001 edition of the *Federal Register*.

The actions taken in the April 3rd *Federal Register* will bring to closure the acquisitions policy initiated in FAR Case 1999-010. It is important that it be overturned because it is a redundant policy with both unwise applications and a multitude of unforeseeable consequences. It exposed small businesses to unfair denial of federal contracts based on any violation of a vast array of complicated federal laws in the past three years. This would mean that even unproven allegations or citations from the past that had been resolved could keep a company from winning federal contracts.

Important reforms in acquisition policy are clearly needed to open up opportunities for small business and independent contractors, I hope that GSA and the FAR Secretariat can turn their attention to the important pro competitive provisions required for the future.

Sincerely,

Jesse DeGeare
President, OKC Electrical Contractors, Inc.
